

INTERNATIONAL DEVELOPMENT MANAGEMENT

Velp (Arnhem) **Bachelor** **English** **4 years**

Shape a just and sustainable world for all!

Do you want to make an impact and contribute to peace and prosperity for people and the planet, now and in the future? During the study programme, you will become an expert in sustainable transitions. Meet students with diverse nationalities and backgrounds. International internships, guest lectures and practical assignments will equip you to work towards a fair and sustainable future for everyone!

What you will learn

During this programme, you will learn how to contribute to a fair and sustainable society. You will work on themes such as protecting our forests and oceans, reducing poverty, fighting climate change, providing good food for all, preparing for disasters, reducing conflicts and building an inclusive society. You will apply your knowledge through two internships and courses with practical case studies.

Why this study programme?

- Stay up-to-date with teachers from the work field, guest lectures and assignments from relevant organisations such as Rainforest Alliance.
- Become a generalist or specialist by delving into themes such as food security and climate action.
- Intern with organisations such as the Red Cross and Fairtrade International.
- After graduation, you will have excellent job prospects due to your understanding of global challenges, problem-solving skills, and the ability to work effectively in an international field of work.

Why study in the Netherlands?

With 95% of Dutch people speaking English, communication is easy in everyday life. Explore historic cities, world-class museums and beautiful nature reserves. The Netherlands is one of the safest and happiest countries in the world, rich in culture and career opportunities. Will you join this diverse and inclusive community?

Career opportunities

With your degree, you can work worldwide. Work in conservation areas in Uganda, coffee production areas in Peru, or climate lobbying in Brussels. Possible roles include:

- Programme coordinator at Cordaid
- Climate change advisor
- Impact Manager at the Chocolate Makers
- Food security specialist at the FAO
